MEGA
For Agricultural Investment

COMPANY PROFILE · 2026 / 2027

Fresh & Frozen Egyptian Produce

Citrus, grapes, pomegranates, onions, garlic and IQF products — sourced from farms we supervise and packed to your specification.

Fresh fruits | Fresh vegetables | IQF fruits | Frozen vegetables

WHO WE ARE

Fifteen years in Egyptian produce. Now exporting.

Mega for Agricultural Investment has supplied Egyptian fruit and vegetables for 15 years, mainly ex-works to traders, packers and processors. Today we also export around 1,000 MT a year, and we are growing that programme with importers who value steady, well-documented supply.

We do not buy on the open market. Our produce comes from 3,000 feddans of partner farms that work to our crop programme and are followed closely by our own agronomists.

15	~1,000 MT	4,000 MT	3,000	20–40 MT
years in the produce trade	exported per year	annual supply capacity	feddans of supervised partner farms	packed per day, by season

FARM TO PORT

How we supervise our farms

01 **Grown to our programme**
Our agronomists choose varieties with each grower and set the irrigation and spray schedules.

02 **Weekly field visits**
Every block is visited weekly, and residues are tested before harvest.

03 **Released for harvest**
A block is picked only after our team approves maturity and Brix.

04 **Packed in New Nubaria**
Pre-cooling, sizing and hand-grading in our packhouse, in your carton or ours.

With every shipment

- ✓ Pre-shipment quality check per lot
- ✓ Residue analysis to destination limits
- ✓ Phytosanitary certificate and certificate of origin
- ✓ Lot traceability: farm, block, harvest date
- ✓ Temperature logger in every reefer
- ✓ Private-label packing on request

Certifications in our supply chain

GLOBALG.A.P | BRCGS | ISO 22000 | ISO 9001 | HACCP | SMETA

The certifications displayed below are held by the farms we contract with, supervise, and source our crops from, as well as by the certified packing and processing facilities where our products are prepared under facility leasing or contract processing agreements. We are also currently working to obtain certifications for our own farms and will make them available as soon as the certification process is complete.

Certificate copies available on request.
